

HIRE ME FIRST

PREPARING TOMORROW'S WORKFORCE

June 14, 2018

Throughout the 2017-2018 school year, the Hire Me First Program provided workforce development training for more than 1200 local High School students. These students participated in job readiness training, mock interviews, internships and job shadows to strengthen their soft transferable skills in preparation of entering the workforce.

The Tracy Chamber of Commerce in partnership with the City of Tracy's Mayors Youth Community Support Network and our partners are anxiously looking forward to providing this training to even more students this year through the Hire Me First Program. The Hire Me First Program is a 501c3 non-profit and is currently seeking corporate sponsorships to continue providing these services to our local youth. Below are the details concerning this year's sponsorship levels:
